Applicant's Name _____

Spouse's Name _____

Legal Description of Property to be Served by the Tap _____

Property Address _____

Mailing Address _____ City _____ State _____ Zip _____

Telephone: Home: _____ Work: _____

Number of Taps Requested: _____

.....
New taps applied for will be required to pay for any or all of the following as applicable:

1. ¾" tap fee of \$4,500.00 or 1" tap fee of \$5,500.00.
2. Installation of tap on the District's main line.
3. Service line ran from tap on District's main line to curb stop and meter pit.
4. Curb stop and meter pit with meter and pressure regulator.
5. Road crossing, cut, bore and casing where applicable.
6. Costs associated with easements and/or permits granted to the District for the new service where required.
7. Engineering costs necessary to plan new construction where required.
8. Any and all costs associated with the installation of service and associated equipment.

Cost estimates will be prepared by the District for the necessary work to be done. The estimate must be signed by the user requesting work to be done. A minimum of 75% of the estimate must be paid prior to the beginning of any work or permit submittals. All actual fees associated with the work and the tap fee must be paid before any water will be delivered to the user through the new system.

Once applicant has been notified of Board approval, the applicant has sixty (60) days to return the signed and completed User's Agreement with full payment of the tap fee. Failure to comply will result in the cancellation of the tap approval by the Board.

Signed this _____ day of _____, 20_____.
